OBJECTIVE

Dedicated and skilled React Native Developer with 2 years of experience in building cross-platform applications. I am looking for a challenging job with a rapidly growing organization that can provide me with a range of goals and job objectives within a contemporary and economical business setting.

EXPERIENCE

03/2024 - Current

- **React Native Developer**
  Osbeam IT Private Limited
  - As a React Native Developer at Osbeam IT Private Limited, I have played a key role in building robust mobile applications from the ground up.
  - Significant projects include 'SNS Teams' and 'Channel Partner App,' where I spearheaded development efforts to deliver smooth, feature-rich, cross-platform solutions.
  - My responsibilities include resolving complex issues, enhancing app performance, and driving the success of innovative mobile initiatives.

01/2023 - 02/2024

- **React Native Developer**
  Clever Mind Media (Socium Partners)
  - As a React Native Developer at Clever Mind Media (Socium Partners), I've been instrumental in crafting high-performance mobile applications
  - Notable projects from scratch include 'Cohousy, Vacation Tracker', where I led the development effort, ensuring a seamless cross-platform experience
  - My role involves tackling challenges, optimizing performance, and contributing to the success of our innovative solutions

EDUCATION

2021

- **Shri Shivaji College, Parbhani**
  M.Sc Computer Science
  87.04

2019

- **Shri Shivaji College, Parbhani**
  BCS
  57.78

- APIs:- REST, Firebase, Google Maps, Push Notifications
- Tools:- Git, GitHub, Bitbucket, Jira, Android Studio, Xcode, Postman,

Figma, Wireframe
- Deployment:- Play Store, App Store
- Other:- Quick Learner, Good Decision Making, Problem Solving, Leadership Quality

PROJECTS

- **SNS Teams App**
  Description:- A comprehensive employee management app designed for daily attendance and loan processing workflows.

  Tech Stack :- React Native, JavaScript, Firebase, Redux, Node.js, Express.js

  My Role :-
    - Developed features for collecting and managing customer details and documents.
    - Integrated an EMI calculator and Linking CIBIL check.
    - Designed a user-friendly interface for seamless data entry and document uploads.
    - Ensured app stability through rigorous testing and debugging.

- **Channel Partner App**
  Description :- A partner-facing app for collecting customer data and documents, integrating directly with the SNS Teams App for efficient loan processing.

  Tech Stack :- React Native, JavaScript, Firebase, Redux, Node.js, Express.js

  My Role :-
    - Built functionalities for channel partners to submit customer details and documents.
    - Enabled data flow integration between Channel Partner App and SNS Teams App for real-time updates.
    - Optimized user workflows to enhance efficiency in data collection and submission.
    - Conducted performance optimization and debugging for cross-device compatibility.

- **Cohousy**
  Description:- An online room booking app tailored for PG accommodations.

  Tech Stack :- React Native, JavaScript, Firebase, Redux, Node.js, Express.js

  My Role :-
    - Designed and implemented intuitive user interfaces for searching and booking rooms.
    - Integrated real-time notification features to enhance user communication.
    - Conducted extensive testing and debugging to ensure a smooth user experience across various devices and screen sizes.
